Each driver will need to make their own individual entry on the online system with the car they intend to compete with that matches this entry form.

Due to teams being allowed to mix their entrants vehicles from all categories, we cannot promise that all members in the team will be parked together.

If you are not able to form a team, you may enter as a single entry which will then be randomly selected to form a team along with anyone else who has entered without a team. Entries will be prioritised for full team entries and back up teams will be made on a first come first serve basis.
